## EXTENSION LECTURES

Extension Lecture is an important initiative to introduce the contemporary debates in the area of education policy, planning, and management to the fresh M.Phil./Ph.D. students. These lectures provide better insight to the scholars. The practice is being followed for over five years both offline and online (due to pandemic) mode. Eminent persons such as Prof. Kuldeep Mathur, Prof. JBG Tilak, Prof. R. Govinda, Prof. N. V. Varghese, Prof. Mohammad Mlyan, and Dr. Divya Vaid have been invited to speak on topics such as:

- **Policy Analysis** lecture that aids the learners to identify and compare the issue and challenges a particular policy intends to resolve and critically analyze a particular policy.
- **Critical Issues in transforming School Education** lecture that assists the learners to examine and analyze the deep and surface issues at the school level.
- **Qualitative and Quantitative Methods in Social Science Research** lecture that helps the learners to deepen their understanding of the research concepts- sample population, research methodologies, data collection tools, data analysis techniques, etc. that would help them in their course work, research project, as well as gaining skills for carrying out research process.
- **Financing of education** lecture that helps the scholars to understand the process of making the budget for educational purposes, fund sources, how are funds generated, received, and utilized for educational purposes, and are there enough funds to fulfill the educational needs for overall education.
- **International Perspectives and Higher Education in India**
- **Teacher Education in India** lecture that describes and aids the scholars in critically analyzing the dynamics, process, and issues currently prevailing in India pertaining to Teacher education.
- **NEP 2020** lecture that helps the scholars to analyze and understand the purpose, characteristics and function of the latest Policy pertaining to education.

This is a week-long programme in which students participate and engage in discussions on relevant topics encompassing a . Extension lecture helps students to engage in various courses during the semester. One-to-one interaction with the Subject experts has aided the learners to gain better knowledge and develop an understanding of the critical issues of education. The institution invites prominent educationists working in the field of education. The experience and expertise in their work assist the scholars in their course work and thesis as well. The lectures conducted in past years have been pandimensional and will continue to be based on the intention to develop critical insight amongst the scholars and aid them with their academic work, and research projects.
